Appeal from the United States District Court for the District of Maryland in Case No. 04-CV-2607, Judge William D. Quarles, Jr.

---

DECIDED: December 19, 2008

---

Before NEWMAN and MOORE, Circuit Judges, and FARNAN, District Judge. \*

MOORE, Circuit Judge.

In light of our decision in In re Bilski, 545 F.3d 943 (Fed. Cir. 2008) (en banc), we affirm the district court's grant of summary judgment that these claims are invalid under 35 U.S.C. § 101. Dr. Classen's claims are neither "tied to a particular machine or apparatus" nor do they "transform[] a particular article into a different state or thing." Bilski, 545 F.3d at 954. Therefore we affirm.

---

\* Hon. Joseph J. Farnan, Jr., United States District Court for the District of Delaware, sitting by designation.
