

United States Court of Appeals for the Federal Circuit

00-1516

FIN CONTROL SYSTEMS PTY, LTD.,

Plaintiff-Appellant,

v.

While we are obligated to remand the case to the district court, in light of our holding of noninfringement, the parties in fact may elect not to further pursue the validity issues on the remand.

AFFIRMED-IN-PART, VACATED-IN-PART, AND REMANDED

[\[1\]](#) Transverse arm projection 44 is not shown in "FIG. 1," but is assumed to be hidden in the figure, behind fin 12 as a continuation of transverse arm projection 43.
