Defendants.	:	

ORDER

The Court has the proposed orders (D.I. 63,64) implementing the claim construction decision. It appears to me that the exact wording of this order would be better decided in light of a full knowledge of what the issues before the jury will be, and, therefore, I will postpone resolution of the dispute until the Pretrial Conference. The parties are directed to bring it up at that time in the proposed Pretrial Order.

United States District Judge
