## ERRATA

This Errata amends Paper 80 - “Final Written Decision” entered June 6, 2018, to correct an error.

In subsection “6. Conclusion,” reads:

In sum, we find that the combinations of the Ogura with each of JP ’639, the ’367 patent, or Hay teach or suggest each and every element of claims 1 and 2. We also find that an ordinarily skilled artisan would have been motivated to combine Ogura with either JP ’639, the ’367 patent, or Hay, and would have had a reasonable expectation of success in achieving the claimed invention.

The correction reads as follows:

In sum, we find that the combinations of the Kaken Abstracts with each of JP ’639, the ’367 patent, or Hay teach or suggest each and every element of claims 1 and 2. We also find that an ordinarily skilled artisan would have been motivated to combine Kaken Abstracts with either JP ’639, the ’367 patent, or Hay, and would have had a reasonable expectation of success in achieving the claimed invention.
